About Us

The Vasa Cooperative is a worker-owned cooperative focused on bringing you the most ethically produced garments and textile products in the world, both in terms of the fabrics we use and through our commitment to fair trade principles. We source our labour locally whenever possible, and only deal with suppliers who share our commitment to fair trade principles and environmental protection.

About Our Tote Bags

All of our bags are made from 100% Certified Organic Cotton and are **Made In Canada**. Our tote bags are perfect corporate promotional wear, regular everyday use, and make fabulous gifts! Buying certified organic cotton tote bags from the Vasa Cooperative helps prevent the harmful chemicals associated with growing conventional cotton from entering the environment. As a result, you protect the environment as well as the health of the workers in the fields.
